SUGGESTED USES

Our Durham Ranch ABF Cornish Game Birds are the best because we focus on doing things right. This may take more time, however the results are difference you can really taste.

We use an exclusive 'all vegetable' diet, meaning NO animal by-products, NO animal fat, NO hormones and NO preservatives. Compare those claims against your current commodity cornish game bird!

Consumers today are acutely aware of the industry's mass produced proteins. Does a quality, slow growth, natural product better fit your customers needs?

From Our Family To Your Kitchen.
